7.3. Legal Basis for Processing Personal Information

7.3.1. If you are from the European Economic Area, our legal basis for collecting and using the Personal Information described above will depend on the Personal Information and Search Data concerned and the specific context in which we collect it.

7.3.2. However, we will normally collect and use Personal Information from you where the processing is in our legitimate interests and not overridden by your data-protection interests or fundamental rights and freedoms. Typically, our legitimate interests include improving, maintaining, providing, and enhancing our technology, products, and services; ensuring the security of the Services and our Websites; and for our marketing activities.

7.3.3. If you are a Platform User, we may need the Personal Information and Search Data to perform a contract with you. In some limited cases, we may also have a legal obligation to collect Personal Information and Search Data from you.

7.3.4. If we ask you to provide Personal Information and Search Data to comply with a legal requirement or to perform a contract with you, we will make this clear at the relevant time and advise you whether the provision of your Personal Information is mandatory or not, as well as of the possible consequences if you do not provide your Personal Information.

7.3.5. Where required by law, we will collect Personal Information and Search Data only where we have your consent to do so and our Platform Users are required to obtain your consent to do so where necessary and where we are not in a position to acquire your consent ourselves.

7.3.6. If you have questions about or need further information concerning the legal basis on which we collect and use your Personal Information, please contact us using the contact details provided in the "Contact Details" section below.

7.4. Your Choices and Opt-Outs

7.4.1. Platform Users and Visitors who have opted in to our marketing emails can opt out of receiving marketing emails from us at any time by clicking the "unsubscribe" link at the bottom of our marketing messages.

7.4.2. Also, all opt-out requests can be made by emailing us using the contact details provided in the "Contact Details" section below. Please note that some communications (such as service messages, account notifications, billing information) are considered transactional and necessary for account management, and Platform Users cannot opt out of these messages unless you cancel your Dots Africa account.

8. Our Security

- 8.1. We take appropriate and reasonable technical and organizational measures to protect Personal Information and Search Data from loss, misuse, unauthorized access, disclosure, alteration, and destruction, taking into account the risks involved in the processing and the nature of the Personal Information and Search Data. For further information about our security practices and if you have any questions about the security of your Personal Information, you may contact us at **info@dots.africa**.
- 8.2. Dots Africa accounts require a username and password to log in. Platform Users must keep their username and password secure, and never disclose it to a third party. Because the information in a Platform User's Dots Africa account is so sensitive, account passwords are hashed, which means we cannot see a Platform User's password. We cannot resend forgotten passwords either. We will only provide Platform Users with instructions on how to reset them.

9. International Transfers

Unless permitted under the law or your consent is obtained, Dots Africa will not transfer your Personal Information outside the Republic of South Africa.

10. Retention of Data

- 10.1. We retain Personal Information and Search Data where we have an ongoing legitimate business or legal need to do so. Our retention periods will vary depending on the type of data involved, but, generally, we'll refer to these criteria in order to determine retention period:
- 10.1.1. Whether we have a legal or contractual need to retain the data.
- 10.1.2. Whether the data is necessary to provide our Services.
- 10.1.3. Whether our Platform Users have the ability to access and delete the data within their Dots Africa accounts.
- 10.1.4. Whether our Platform Users would reasonably expect that we would retain the data until they remove it or until their Dots Africa accounts are closed or terminated.

- 10.2. When we have no ongoing legitimate business need to process your Personal Information, we will either delete or anonymize it or, if this is not possible (for example, because your Personal Information has been stored in backup archives), then we will securely store your Personal Information and isolate it from any further processing until deletion is possible.
